SCHOOL OF
DATA SCIENCE

Updates from the Director

Welcome to our first February edition of the SDS Newsletter. Spring is always a busy time, but this next month or two promises to be particularly loaded with conferences, career fairs, seminars, etc. Keep a close eye on the SDS calendar for special events and networking opportunities. Today's seminar session will focus on the technical resume with partners from Tresata, one of Charlotte's "Unicorn" startups, leading the seminar. Next week Benito Lopez from TIAA's Fraud team will join us to discuss their Data Science team. In less than a month, we have our spring conferences: Women in Data Science and Analytics Frontiers, on March 8th and 9th. We hope that students and alums will join us in these community conversations.

Lastly, I invite you to submit stories, job and internship postings, upcoming conferences or hackathons- anything relevant to share with the community. This is meant to be an open forum for the data science and health analytics community. Please send ideas to Lindsay Lennon, SDS Communications and Events Manager, or me.

Josh

A graphic with a light green background and a subtle pattern. The word "Student" is written in a large, dark green, cursive font. Below it, the word "RESOURCES" is written in a smaller, dark green, all-caps, sans-serif font.

Student RESOURCES

Job Searching with Handshake

Handshake is a popular platform for job seekers and employers, 'the LinkedIn for college.' Handshake is the # 1 place employers use to recruit college students and new grads. Learn more about the platform and techniques for developing an effective profile by visiting their blog here.

DegreeWorks Audit: On Track To Graduate?

DegreeWorks is a web-based planning tool that accurately displays required coursework and helps students monitor their progress toward graduation. Students can access their real-time audit in DegreeWorks via my.uncc.edu and should routinely check their progress toward degree completion.

For any required courses in the “Fall Through” or “Not Counted” sections of DegreeWorks, submit an Academic Petition that requests the courses be counted towards your program requirements. Check your DegreeWorks audit before applying to graduate!

The Deadline to apply for May 2023 graduation is February 10, 2023.

Career Center: Technology and Data Analytics

From the Career Center's latest newsletter-[Career Fairs](#), Resume Workshops, and [Meet Ups](#). You are invited to attend any of the upcoming spring meet-ups in person and over Zoom.

[See the complete list here!](#)

A promotional poster for the Spring Career & Internship Fair. The poster has a dark green background on the left side with white text. On the right side, there is a photograph of a brick clock tower on a university campus. The text on the poster includes: "SPRING CAREER & INTERNSHIP FAIR" in large white letters; "Connect with 175+ organizations offering jobs, internships, and graduate programs."; "RSVP in Hire-A-Niner."; "Open to all majors and class levels."; "BARNHARDT STUDENT ACTIVITY CENTER (SAC)"; "THURSDAY, MARCH 9"; and "10 A.M. - 2 P.M." A QR code is located in the bottom right corner of the poster. The text "CAREER & INTERNSHIP FAIR" is also visible in the top right corner of the photograph area.

RESOURCE SPOTLIGHT: CAREER COMMUNITIES

Career Communities focus on grouping similar industries and assist you in exploring your career options within these industries outside of the limits of

your major. For example, a marketing major could consider many different industries including doing marketing for nonprofits, healthcare, business, etc. Login to [Hire-A-Niner](#) and choose your Career Communities of interest, and you will receive resources that will help you explore these communities. By selecting into a Career Community, you will be able to receive tailored Career Community information and events like:

- Career Meet Ups
- Career Treks
- Networking Events & Panels
- Career Coaching one-on-one appointments!

Join a CLT User Group

Charlotte has a wide variety of community meet-ups- get engaged today!

- [Charlotte R User Group](#)
- [Charlotte Tableau User Group](#)

Log in and subscribe for upcoming events!

Do you have other groups that we should recognize? Please send a link our way for the next edition!

ANALYTICS CONFERENCE FRONTIERS

March 9, 2023

Keynote: Rumman Chowdhury

Keynote: Arnold "Arnie" W. Bunch, Jr.

REGISTER TODAY!

Monday Seminars

The spring seminars run from 4:00-5:00 pm, in person at CCB, room 501, and feature guest speakers from data science and health analytics who provide real-world insights and perspectives in various career paths. The full schedule with registration links is on our [SDS events page](#).

February 6:

Sophia Lang and Pat Sellers from Tresata discuss "[Beyond the Resume: Job Search Tips and Tricks](#)"

February 13:

Benito Lopez from TIAA will discuss "[A Day in the Life as a Data Scientist at TIAA](#)"

Do You Have an Incomplete Grade?

Incomplete grades assigned in Spring 2022 will default to Unsatisfactory at the end of the Spring 2023 semester. To avoid suspension or termination, the grade must be submitted by noon on [May 15, 2023](#).

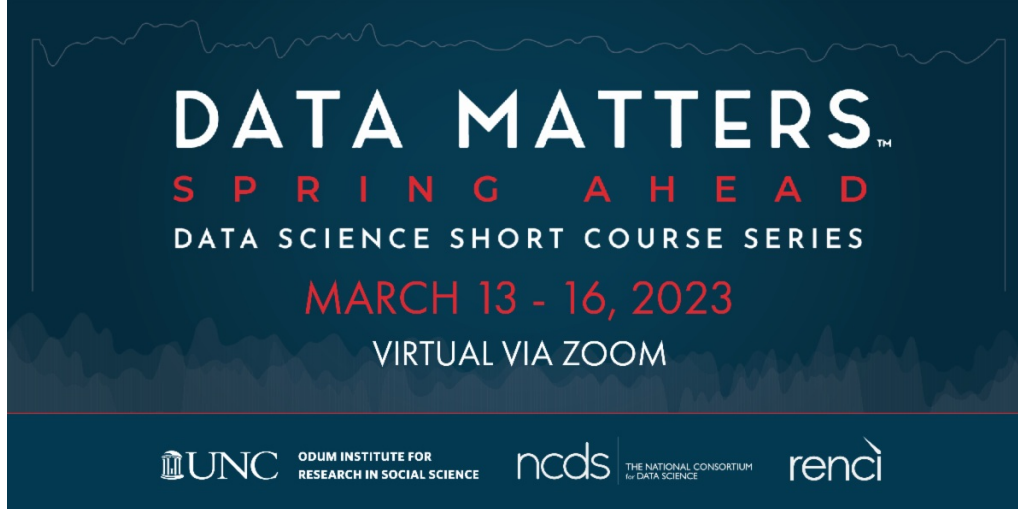

Please reach out to your instructor as soon as possible.

Data Careers Summit: February 24

The Data Careers Summit seeks to help individuals break into and move up in the data & analytics fields.

[Register now](#) for the *free* virtual event!

Data Matters: Spring Ahead: March 13-16

Data Matters™ is a week-long series of one and two-day courses aimed at students and professionals in business, research, and government. The first-ever springtime series, Data Matters: Spring Ahead, will feature a selection of the most popular two-day courses. Among the classes available are: Introduction to Effective Information Visualization, Visualization for Data Science in R, Basics of R for Data Science and Statistics, and Introduction to Python.

Alumni CORNER

Monday SDS Seminars- Alumni Focus

This fall, we welcomed back to campus several alums to participate in the SDS professional seminars. These hour-long sessions can focus on a variety of topics:

- Case Studies in Data Science
- Tools of the trade
- Professional/soft skills

Or it can simply be a straight-up recruitment session. *We would love to have you return to campus to share your experiences in the field!*

More information, including time, location and format, and proposal form, can be found here:

[Monday Seminar Proposal- Spring 2023](#)

Sharing Job & Internship Postings with The SDS

If your company has an open position that you want to share with current students or alums cohorts, please reach out to [Joshua Hertel](#). We can include it in future newsletters.

Please include:

- Link to the job announcement or point of contact
- Target audience- undergraduates, graduate students, or alumni
- Deadline to apply
- Core competencies

Looking to Recruit SDS Talent?

If your company is looking to target new talent, a reminder for alumni that Hire-a-Niner is still available to you- *as an employer*. You can limit your reach to graduate and undergraduate students enrolled in the School of Data Science or target the entire campus. Please let us know when you post, and we will ensure that it also gets featured in the regular SDS newsletters.
